Updating IMGING Flight on the DJI RC Pro Enterprise

App Version 1.4.0

1. Navigate to the RC home screen

2. Make sure your RC is connected to the internet

3. Open settings and select 'Network & internet' to set up your connection, then click on 'Wi-Fi'

6. Navigate to the IMGING Flight page from the sidebar menu

7. Select 'Download Now' to Install the app.

* As a reminder, updating IMGING Flight will NOT impact any past jobs. Meaning if you have transferred photos but have not upload, the photos will remain after the update.

8. Swipe to the second menu (if you have not adjusted the app to your first screen view) screen to find the updated app
